## President Sees New Round of Nuclear Tests

By FRANK CORMIER

WASHINGTON (AP)—President Kennedy predicts a new round of nuclear testing by the United States and the Soviet Union unless a test ban treaty is negotiated this year—which he doubts.

If the prediction comes true, Kennedy told his news conference Wednesday, it "would be a great disaster for the interests of all concerned."

Recalling that he saw brightening prospects for a ban last December, Kennedy said there has been no sense of movement since then.

"I am not hopeful at all," he said, and expressed fear that progress must come soon or "perhaps the genie is out of the bottle and we will not ever get him back in."

Kennedy's pessimism on this subject was matched by an equal measure of optimism about efforts to end what he termed "an ugly situation in Birmingham, Ala."

Declaring that racial strife in Birmingham damaged the city and the nation, Kennedy said in an opening statement that responsible efforts by white and Negro leaders had prompted Birmingham businessmen to pledge "substantial steps" to meet the "justifiable needs of the Negro community."

But he said "much remains to be settled before the situation can be termed satisfactory."

Kennedy said that, in the absence of violations of federal law, Continued on Page Four

## AP&L Asks to Extend Lines

LITTLE ROCK (AP)—The state Public Service Commission is considering an application of Arkansas Power & Light Co. for authority to erect 358 miles of high power lines in Arkansas at a cost of \$42,166,000.

AP&L said Wednesday the lines would be part of a power interchange with private utilities in Oklahoma and Louisiana and the Tennessee Valley Administration public power system.

The project would be financed through funds on hand and the sale of securities.

The line will run from West Memphis through Little Rock to the Logan-Yell County line near Fort Smith and from Little Rock through Pine Bluff and El Dorado, across the Louisiana state line.

## Trading Sends Stock Market to New High

NEW YORK (AP)—A heavy wave of trading pushed the stock market toward a new 1963 high today, then gains were clipped as trading moderated early this afternoon.

The Associated Press average of 60 stocks at noon registered a substantial gain of 1.0 at 27.13 with industrials up 1.5, rails up .6, and utilities up .3.

First hour volume totaled 1.64 million shares, the largest in weeks.

Steels, motors, chemicals, oils, rails, utilities, electronics, and other groups posted gains. Airlines, tobacco, and building materials were mixed.

General Motors, whose favorable dividend action boosted it Wednesday to a new historic high of 73, opened 1/4 below that on a large block of 10,300 shares, drew even to its previous close, then edged off a bit as additional profits were taken.

Investment and trading interest switched to some other blue chips. Radio Corp., inspired by the latest batch of favorable reports from its annual meeting, climbed more than a point to a new high for the year.

American Photocopy, most active gainer of the past two sessions, began to stall, trading about unchanged in less vigorous dealings. Xerox, whose licensing agreement with Photocopy put it to the fore, continued to rise, adding a couple of points.

The Dow Jones industrial average at noon was up 2.97 at 721.51, which was above its 1963 closing high of 721.09 but below its 11 a.m. reading of 722.33.

Prices on the American Stock Exchange were higher in moderate active trading.

Corporate and U.S. government bonds declined slightly.

Rails, utilities, electronics, and other groups posted gains. Airlines, tobacco, and building materials were mixed.

General Motors, whose favorable dividend action boosted it Wednesday to a new historic high held steady today.

## \$8,137 Judgment Is Appealed

LITTLE ROCK (AP)—Mrs. C. D. Bowers of Gassville appealed to the Arkansas Supreme Court today from a \$8,137 judgment against her in Jackson Circuit Court in a traffic accident case.

A jury awarded \$7,500 to Mrs. D. Melvin Babb of Jackson County and \$637 to Babb for injuries suffered when her car and one driven by Mrs. Bowers were involved in an accident on Highway 62 four miles south of Mountain Home May 25, 1959.

The jury held that Mrs. Bowers was 51 per cent negligent and Babb 49 per cent negligent in the accident.

## SWC to Name New President

FAYETTEVILLE, Ark. (AP)—Faculty representatives of the Southwest Conference Schools will elect a new league president Saturday to succeed Dr. Delbert Swartz whose two-year term expires then.

Swartz is from the University of Arkansas.

## Grant to Colleges

LITTLE ROCK (AP)—A \$9,000 grant has been made by United States Steel Corp., to be divided among the University of Arkansas Medical Center and nine colleges in the state. The schools are Arkansas College, Harding, Hendrix, John Brown, Little Rock University, Ouachita, College of the Ozarks and Philander Smith.

## Senators Say 17,500 Reds Still in Cuba

WASHINGTON (AP)—Senate investigators said today the official estimate of 17,500 Russians still in Cuba is "perhaps a minimum figure" and "strategic weapons may or may not be now in Cuba."

An interim report of the Senate Preparedness subcommittee on its investigation of the Soviet military buildup in Cuba and last October's missile crisis said, "The continued presence of the Soviet expedition in Cuba can now be seen to be a most effective shield against either internal revolt by native insurgents, or invasion by external forces from any source."

The 34-page report of the subcommittee, headed by Sen. John Stennis, D-Miss., also warned that the presence of the Soviets in Cuba "affects adversely our nation's image and prestige."

"Our friends abroad will understandably doubt our ability to meet and defeat the forces of communism thousands of miles across the ocean if we prove unable to cope with the Communist threat at our very doorstep," the subcommittee said.

The report said:

"Assuming without deciding that all strategic weapons have been withdrawn, there is the ever-present possibility of the stealthy reintroduction of strategic missiles and other offensive weapons, using the Soviet forces still in Cuba as camouflage and security for the activity."

The subcommittee said intelligence chiefs, on the basis of their judgment that all strategic and offensive weapons have been removed, "Do not believe that the Communist forces in Cuba now present a direct aggressive military threat to the United States or Latin America."

"Strategic weapons may or may not be now in Cuba. We can reach no conclusion on this because of the lack of conclusive evidence."

As to the number of Soviet personnel in Cuba, the subcommittee said some sources—primarily refugee and exile groups—estimate the number may be as high as 40,000.

The report continued:

"Bearing in mind the lack of hard evidence on the question and the substantial underestimation of last fall, we conclude that no one in official United States circles can tell, with any real degree of confidence, how many Russians are now in Cuba and we are of the opinion that the official 17,500 estimate is perhaps a minimum figure."

## Data on First Year School Students

James H. Jones, Superintendent of Schools, announced today that the following information is pertinent to all parents in Hope School District 1-A who will have children entering the first grade in September 1963, for the 1963-64 school year.

Act 41, which was approved February 2, 1961, by the Arkansas Legislature is as follows:

SECTION 1. No child shall be submitted to any public school in the state during any school year unless such child shall attain the age of six (6) years on or before October 1 of each school year.

SECTION 2. The provisions of this Act shall be applicable to the 1962-63 school year and every school year thereafter.

SECTION 3. All laws and parts of laws in conflict herewith are hereby repealed.

In addition to the child being six years old on or before Oct. 1, he must also present a birth certificate and a health folder when enrolling in school on September 5, 1963. The folder may be secured from Hempstead County Health office on Thursdays, or the second and fourth Fridays of the month.

All parents who have children entering school for the first time should be recorded on this folder including small pox vaccination, which is required by law.

## McCaskill RCI to Hear Al Graves

"Making Your Will" will be the topic of Mr. Al Graves, Hope attorney, guest speaker at the McCaskill RCI monthly meeting to be held Friday night, May 10th. A potluck supper will also be had, beginning at 7 p. m. Everyone is cordially invited to attend.

## 2,752 Hempstead Residents Collected \$1,624,416 Last Year From Social Security

Monthly old-age, survivors, and disability insurance benefits in Hempstead County now top \$135,368.00, Otis A. Blackwood, District Manager of social security in Terrell, said today on releasing his annual county benefit data report.

The new monthly figure represents an increase of 10.2 percent over the corresponding period last year.

"This increase can be attributed to the changes in the law in recent years, as well as to the growth of our aged population," Mr. Blackwood said. "This money stimulates county business; most of it is spent for food, clothing, and shelter."

Monthly benefits first became payable in January 1940, and they have continued without interruption for 23 years, accompanied by a steady growth in some 2,752 Hempstead Counties were collecting over \$1,624,416.00 annually from social security.

More people in Hempstead County, he said, could draw social security benefits if they knew more about the law, and for that reason they are urged to visit or call the local social security office whenever they have a question concerning their benefits or responsibilities.

The following table shows the number and amount of each type of monthly benefit paid in Hempstead County, as of December 31, 1962.

Beneficiary group:  
Retired Workers number 1378 drew \$80,453.

Wife or Husband number 499 and drew \$13,863.

Widow or Widower numbering 233 drew \$12,228.

Mothers and Children number 436 and drew \$17,490.

Disabled Workers and Dependents number 200 and were paid \$10,905.

## Nurses Hear About Animal Research

"Many diseases of animals are the same or similar to those of man, and various animals are used to test new drugs and vaccines and in perfecting new laboratory procedures and surgical techniques," Dr. Herbert Rogers told a meeting of the Prescott District Registered Nurses Tuesday, May 7 at the Hempstead County Memorial Hospital.

The guest speaker and local veterinarian stressed the importance of veterinary medicine on medical research. The interesting and informative program was followed by a social hour, when coffee and cookies were served.

## George Teat Dies at Home Today

Texas Woman's University students were recently honored for outstanding scholarship, sportsmanship and athletic participation in the annual Honors Day assembly. Among those given special honor was Betty Kay Bell, freshman, of 418 E. 15th St., Hope, Ark.

## Birmingham Is Eyed Closely by Kennedy

By STANLEY MEISLER

WASHINGTON (AP)—President Kennedy kept a close watch today on a shaky truce in racially troubled Birmingham, Ala.

The President hailed at his news conference Wednesday the government induced accord that temporarily halted integration demonstrations in the city. And he made clear that he prefers limiting Washington's role to conciliation.

There have been no federal violations, the President said, and so "our efforts have been focused on getting both sides together to settle in a peaceful fashion."

Still, it is known that if the truce snaps—it did for a few hours Wednesday night—the White House has considered several ways of getting deeper into the crisis.

Before the news conference, the White House announced that "every avenue of executive authority is being explored with reference to racial difficulties in Birmingham, Ala."

While Andrew Hatcher, assistant White House press secretary, did not amplify this announcement, it was learned that the President's civil rights advisers were discussing several possible ways of federal intervention.

These included:

1. The filing of a federal suit challenging the constitutionality of Birmingham's public segregation ordinances. This would be done by Negro leaders in cooperation with the Justice Department and Birmingham merchants.

2. A dramatic visit to Birmingham by a high official of the federal government.

3. The seeking of a federal injunction by the Justice Department barring Birmingham police from interfering with the Negro demonstrators. This would be sought under the First Amendment guaranteeing the right of free speech and assembly.

4. The federalization of the Alabama National Guard to keep it out of the hands of Gov. George Wallace a staunch segregationist.

5. A threat by the federal government to withhold certain federal funds from Alabama.

6. Intervention by the President under the civil rights laws passed by Congress in the post-Civil War reconstruction period. Under a section of this law, the President, by using marshals or troops, could arrest local police who deprive citizens of their civil rights.

Asked if economic or diplomatic sanctions should be used against the Haitian regime of Francois Duvalier, Kennedy said the Organization of American States is doing right by sending a special group that will try to keep peace.

## Graduation at Guernsey Is Sunday

Baccalaureate exercises for the 1963 Guernsey Graduating Class will be held at 2 p. m. on Sunday May 12 in the High School auditorium.

Mrs. Parker Rogers will have charge of the music and Miss Elaine Adams will be soloist.

Norman Grant Pastor of the Southside Missionary Baptist will have the invocation and benediction. Rev. Gordon Renshaw of the Unity Baptist Church will deliver the sermon.

## Standing Ovation for John Pierce

A standing ovation was given Coach John Pierce in assembly at Hope High School Wednesday. At the same time it was announced that the John Pierce award would be given to the most deserving football player.

A trophy was presented to Mr. Pierce who expressed his regrets at leaving. Players Dan Jones, David Porterfield, Roy Wray, Mack McLarty and Ricky Butler made short talks praising Mr. Pierce.

## Fender Damage Collision Result

Autos driven by Mrs. Eula James and Mrs. Harold Poole collided early today at Third and Elm Streets. Investigating Officer Shirley reported that both vehicles had minor fender damage.

## Brother, What About This One?

LITTLE ROCK (AP)—William J. Smith, a veteran advisor to governors, says the state government is the best-run business in Arkansas.

Smith, a Little Rock lawyer who has served as legislative aide to Govs. Laney, Cherry and Faubus, said that in spite of the land that had been removed from tax rolls for lakes, public buildings, highways and federal forests, the assessed valuation in the state had risen from \$500 million in 1945 to \$1.5 billion now.

Smith spoke before Little Rock civic club Wednesday.

## Kennedys Don't Agree With Clay

WASHINGTON (AP)—The Kennedy administration is making it known that it does not agree with Gen. Lucius D. Clay's recommendations for further cuts in foreign aid program.

For David Bell, foreign aid chief, has written a memorandum stating that the entire \$4.5 billion President Kennedy has requested for foreign assistance in the coming year is needed, despite Clay's urging for additional reductions.

Clay, chairman of a presidential advisory committee on foreign aid, has been testifying at congressional committee hearings on the Kennedy request for the coming fiscal year starting July 1.

Clay has said the amount could be shaved to \$4.3 billion, or perhaps to \$4 billion, if certain economies are made in the Alliance for Progress program.

Officials said Wednesday night that Bell had sent copies of the memo to Secretary of State Dean Rusk and other high ranking authorities in the State and Defense Departments and in Bell's own Agency for International Development.

The reason for Bell's document, it was stated, is not to take issue with Clay, but to explain to responsible officials what AID's stand is on a foreign aid figure and why.

## Thule Cable Breaks Are Numerous

WASHINGTON (AP)—The Pentagon said today there have been numerous instances of cuts and breaks in the ocean-bottom communications cable to Thule, Greenland, site of a ballistic missile warning station, but none appear to have been deliberate.

Six instances since the fall of 1961 were listed by the Defense Department in reply to questions by reporters. The most recent was sometime between April 2 and 9.

"Causes have been icebergs, trawlers (using net devices which scrape the bottom), and storms," a spokesman said.

"There has been no known case of any deliberate act on the part of any nation's trawlers to cut cables."

"Reconnaissance planes are flown continually over areas where cables are located to warn trawlers. This is done by dropping leaflets, on which warnings are written in many languages."

The Pentagon's statement was in response to inquiries about a copyright story by the Newhouse newspapers' Advance News Service which said the cable was cut mysteriously at least eight times last year.

The story said an investigation was demanded by the House Defense Appropriations subcommittee after it learned that hydrographic charts showing the cable locations are in the public domain and "had been given to the Russians."

The charts can be bought from the U.S. Navy Hydrographic Office at Suitland, Md.

The cable, operated for the government by the American Telephone & Telegraph Co., is one of several circuits linking the ballistic missile warning station with the United States and with a similar station at Clear, Alaska. In each case of breakage in the Thule cable, alternate circuits were used, and contact with Thule remained unbroken, the Pentagon spokesman said.

## Owns Industrial Bonds

LITTLE ROCK (AP)—The state Board of Finance says Arkansas currently owns \$840,000 worth of local industrial development corporation bonds, compared to \$1,409,500 worth held on Feb. 1, 1961.

Frank A. Storey, secretary, said Wednesday normal maturities, redemptions and sales have reduced the amount held.

## Negroes Plan Strategy If the Truce Ends

By STAN ATKINS

BIRMINGHAM, Ala. (AP)—Negro integration leaders went into a strategy session this morning to map new demonstration plans in the event a shaky truce falls apart.

A spokesman for the Southern Christian Leadership Conference said a second meeting was planned at mid-morning between the Rev. Martin Luther King Jr., Ralph D. Abernathy, Fred L. Shuttlesworth "and some persons up town."

The identity of the "persons up town" was not revealed, but the indication was that they were white leaders with whom negotiations have been conducted.

"There probably won't be any announcement until about noon," Dorothy Cotto, one of the SCLC leaders, said.

Edgy Birmingham residents waited to learn whether the month-long desegregation drive finally was ending.

## Painting Was a Joke, It Won a Prize

LITTLE ROCK (AP)—Dr. Seigfried R. Weng still contends that "Experimentation into the Realm of Nocturnal Schizophrenic Endeavors" was one of the top entries in the Arkansas Artists Exhibition at Little Rock.

The painting, one of 12 from which he chose the winner, was thrown together as a joke by two commercial artists, it was disclosed Tuesday.

Gus Brady and Henry Retzlaff Jr. did the work behind their art studio in Little Rock. Working in the dark, Brady threw paint at the canvas from the top of a ladder and Retzlaff smeared it. Then they threw sand and a bucket of water on it.

"I can see how it could happen," Weng said at Evansville. "A chimpanzee has been doing some interesting work at a Cincinnati zoo and I've heard of a parrot and a donkey that did some interesting things."

He added that he also had known of insane people and children doing some good things.

In abstract art more than representational art, it is possible for accidents to happen, but the fact that they are accidents doesn't diminish their merit, Weng said.

"I'm sorry that a man like this Gus Brady and whoever helped him stooped to do it as ridicule," he said. "I think that very often these folks are to be regretted because they tend to give the unthinking person or the person not really serious about art the idea that art is a bogus, when it really is a serious thing."

More than 220 paintings were entered in the show. The Brady-Retzloff entry got honorable mention.

## Homecoming at Mt. Moriah

There will be Homecoming at Mt. Moriah Church Sunday, May 12. The church is located on Highway No. 19 between Laneburg and Rosston.

Devotional services will be in charge of Arthur Miller and Tom White will have charge of the afternoon singing. Everyone is invited to come and spend the day.

## May Abandon Branch Line

POPLAR BLUFF, Mo. (AP)—The Interstate Commerce Commission has set a hearing May 22 at Poplar Bluff on a proposal by the Frisco railway to abandon its Hoxie branch line.

The line serves several towns in southeast Missouri and northeast Arkansas, starting at Nash, Mo. and running southwesterly to Pochontas, Ark.

LOST IN THE FOREST OF  
MIGHT-HAVE-BEEN

By HELEN WORDEN ERSKINE

Dear Helen: Can you recapture the past? When just 16, I fell desperately in love with a wonderful man and he with me. My parents disapproved so we eloped to another state which recognized 16 as the legal age of consent.

My father and mother caught up with us. There was a dreadful scene and before we could marry they separated us forcibly, had the man jailed and dragged me sobbing back to a home which might as well have been a jail for all the freedom I had.

Eventually the man I adored was released. My folks threatened to return him to jail if he even tries to see me. I told them that once I reached 18 I would marry him. My mother said nothing but on my seventeenth birthday, persuaded me to date the boy to whom I am now married.

That was three years ago. I have sweet two-year-old daughter and am fairly contented but still dream of my former fiancé. Asleep or awake, he is ever in my thoughts. Knowing this, my husband is ready to commit hara-kiri. I argue that it would help if I could see this ex-sweetheart and satisfy myself that I no longer love him. My husband violently opposes the idea, claiming that for the sake of our child, if not his, I should force myself to forget. The other man is now married. What do you advise? —De-bating

Dear De-bating: Slam the door on the past with a loud, resounding bang. Right or wrong, the aggressive action of your parents is over. Your husband and child come first. To look up the other man would only lead to unhappiness, perhaps even tragedy, especially since he, too, is married.

I realize that to forget is easier said than done. Try the 24-hour plan. Resolve each morning not to think of the other man for one whole day. Plan the day so that every minute is occupied with work which will keep mind and body busy. Build new brain cells by song new places, seeing new faces. Once breakfast is done and the house tidied, take your little girl out. One day it might be to shop for dress materials and patterns for her spring clothes. Another time it could be visiting with family and friends.

Use the rainy days for sewing, fixing up the house and trying new recipes for dinner. Once your mind is engaged with normal things, the abnormal thoughts will recede until the time will finally come when this unhappy girlhood romance is truly forgotten. Send a stamped, self-addressed envelope for my leaflet, "Successful Marriage."

Dear Helen: I'm a harried mother planning a wedding for the first time. . . In a dither.

Dear Dither: All queries such as yours relating to the planning and protocol of weddings should be addressed to the Emily Post Institute, 360 Lexington Ave., New York City, instead of me. Finally, Kennedy was asked about one potential crisis and another that is fast fading.

The impact of recent political changes in the Middle East cannot yet be assessed, the President said, but the United States will support the security of Israel and her Arab neighbors, try to limit the arms race in the area and discourage Communist penetration.

Kennedy hopes to cover "the entire waterfront" in a weekend conference at Hyannisport, Mass., with Canada Prime Minister Lester Pearson. The "waterfront" includes such items as defense, trade, and investment on which Kennedy and Pearson's predecessor, John G. Diefenbaker, were in sharp disagreement.

Apart from race relations, the major domestic topic was Kennedy's recent decision to replace Adm. George W. Anderson as chief of naval operations on Aug. 1.

Kennedy denied that Anderson failed to meet expectations, that he fought Pentagon civilians too

## Spring Hill Jr. Team Does Well

In the 7-B district track meet Spring Hill's Junior boys did well but were still out of ribbon division.

William Morse ran a good 26.2 in the 220 and a fourth place finish in the finals. Morse also ran the 440 in 58 but was out of winning class. McCoy, Sims, Foster and Sanders made the relay team which lost out of Bearden, the meet winner.

This was the first year of track at Spring Hill and the boys gained some valuable experience.

## Farmer to Trial on Murder Count

FORREST CITY, Ark. (AP) — Ollie Morgan, 52, a farmer, was to go on trial today at Forrest City for first degree murder.

He is charged in the fatal shooting of Carvell Watson Boellinger, 43, of Stuttgart, whose body was found in the L'Anguille River near Forrest City March 14 by fishermen.

Boellinger had been shot twice and his skull had been crushed. He died about Dec. 22, 1962, authorities said.

Morgan was arrested March 18 and has been held without bond. He pleaded innocent. Judge Elmo Taylor will sit in the case.

vigorously and that his replacement was meant as a warning to others to get in line with the administration.

The President then announced that Anderson has agreed to accept "a position of high responsibility" and said he wouldn't have offered the job "if I did not have the highest confidence in him." The position is believed to be an ambassadorship.

On a related subject, Kennedy was asked about reported disgruntlement of some Pentagon brass at the action of their civilian bosses.

"Obviously," said Kennedy, "there are bound to be some disappointments with the decision of civilian leaders." But he said the decisions had to be made.

On other topics Kennedy said he:

Hopes for failure of efforts by some groups to make basic changes in the Constitution in order to curb the power of the Supreme Court and make the adoption of constitutional amendments more difficult.

Sees no prospect of Congress passing a substitute feed grains bill if wheat growers reject production curbs in a forthcoming referendum.

Favors foreign aid for a government-owned steel mill in India because India, he said, needs the steel.

**President Sees**  
Continued From Page One  
the federal government had limited its role in Birmingham to that of mediator. But he said the situation could be quite different if two Negro graduate students win entry this summer to the Huntsville branch of the University of Alabama.  
"This, of course, does involve the federal government," he said. And, reminded that Gov. George Wallace has threatened to physically and personally bar integration at the university, Kennedy said he hoped everyone would obey court orders, "whether they agree with them or not."  
In a 30-minute session that touched often on racial matters, Kennedy said the bettering of race relations is not a problem for the South alone.  
Asked if he would endorse the move by white and Negro families in Knoxville, Tenn., to visit each other in their homes, Kennedy said:  
"I think it would be very helpful, and you can start right here in Washington, D.C., where this is greatly needed."  
Two overseas crises also were discussed.  
Kennedy said that while Soviet Premier Khrushchev has reaffirmed a pledge to support a neutral and independent Laos, a recent attack on International Control Commission helicopters by the Pathet Lao "indicates that they are not at the present time living up to this commitment." He said he hopes Khrushchev can do better than that.

# Willie Taking Up Slack as Dodgers Win

By BOB GREEN  
Associated Press Sports Writer

One of the Los Angeles Dodgers' big concerns this season has been the hitting slump of Tommy Davis, who led the National League with a .346 average and 153 runs batted in last season. He's been hampered by leg injuries and is hitting only .227.

But Willie Davis, sometimes called the other Davis, suddenly has taken up the slack. In the last four games, Willie's had seven hits in 15 times at bat and has driven in five runs.

It's no coincidence that the Dodgers have won three of the four, including an 11-5 decision

over St. Louis Wednesday night. Willie had two homers and a triple in that one, driving in three runs and scoring the one that broke a 5-5 tie.

San Francisco opened a two-game lead atop the standings with a 12-5 victory over Milwaukee's slumping Braves. Cincinnati edged Houston 3-2, the Chicago Cubs bombed Pittsburgh 9-5 and New York's Mets downed Philadelphia 3-2.

In the American League, the Chicago White Sox took over first place by beating Kansas City 8-3. Detroit edged the New York Yankees 7-6, Baltimore whipped Boston 10-4, the Los Angeles Angels defeated Minnesota 4-3 and Washington belted Cleveland 6-3 in 13 innings.

The Giants, who have won eight of their last nine, rushed in seven runs on five hits and a couple of errors in the fourth inning at Milwaukee and breezed in. It was Milwaukee's fifth straight loss. Willie McCovey homered for the Giants, Frank Bolling for the

Braves.

Veteran lefty Joe Nuxhall scattered seven hits in pitching the Reds past Houston.

The Cubs struck for four runs in the eighth inning, triggered by Nelson Mathews' homer, broke a 5-5 tie and went on to beat the Pirates.

Jay Hook struck out 10, allowed only four hits and set up New York's winning run with a ninth inning double against Philadelphia. Ed Kraepohl's blooming double scored Rod Kanehl, running for Hook.

# Rudolph Hurls One Hitter and Senators Win

By MIKE RATHET

Associated Press Sports Writer

Don Rudolph turned in an amazing pitching performance and Don Lock hit a grand slam homer in the 13th inning for a 6-3 Senator victory over Cleveland in Washington Wednesday night.

Rudolph allowed only one hit—a single by Tony Martinez in the fourth inning—until the 13th when he began to tire.

In between he retired 25 Indians in a row—the equivalent of pitching 8 1/3 innings of perfect ball. He wound up with a four-hitter.

While Rudolph was turning in his masterpiece, the Chicago

BATTING—Willie Davis, Dodgers, hit two homers, and tripled in eighth inning, scoring the tie-breaking run as Los Angeles went on to wallop St. Louis 11-5.

PITCHING—Don Rudolph, Senators, allowed only one hit for 12 innings while retiring 25 batters in order, and wound up with a four-hitter in 6-3, 13-inning victory over Cleveland.

White Sox broke one up, shelling Kansas City's Ed Rakow for eight runs in the seventh inning after he had pitched perfect ball for six innings. The 8-3 triumph over the A's moved the White Sox into the American League lead.

Baltimore belted Boston 10-4 and knocked the Red Sox out of first place. Al Kaline's two-run ninth inning homer gave Detroit a 7-6 decision over the New York Yankees and Ken Hunt's tie-breaking homer provided the Los Angeles Angels with a 4-3 triumph over Minnesota.

National League leading San Francisco crushed Milwaukee 12-5, the Los Angeles Dodgers walloped St. Louis 11-5, Chicago's Cubs whipped Pittsburgh 9-5, Cincinnati edged Houston 3-2 and the New York Mets defeated Philadelphia 3-2.

The White Sox put together their eight-run outburst on six hits, three walks and two errors. Eddie Fisher went the distance for the victory, although tagged for a ninth inning homer by Norm Siebern.

The Orioles lashed 17 hits while Steve Barber managed to keep 12 Red Sox hits well spaced. Brooks Robinson led the Baltimore attack with three singles and a double and Jim Gentile chipped in with a homer.

Kalene cracked his homer off reliever Jim Bouton after Norm Cash walked to open the last of the ninth. Tom Tresh had put the Yankees ahead 6-5 in the seventh inning with his second homer of the night. Yogi Berra and Cleo Boyer also homered for New York while Jake Wood connected twice and Bubba Phillips once for Detroit.

Hunt's eighth inning homer off Jim Kaat snapped a 3-3 tie, gave the Angels the three-game series, two games to one and dropped the Twins into last place.

# Now, for the first time in this area, you can buy Super Shell—the remarkable gasoline with 9 working ingredients to make your car work better.

N. E. Jones, President of N. E. Jones Oil Company, has been an oil marketer for 28 years.

N. E. Jones is now the Shell distributor in the Texarkana area. Read why he changed all 13 of his Jones Oil Company stations to the Shell brand, and what it means to you.

Now you can buy Super Shell gasoline, with nine working ingredients to make your car work better. There's a new Shell dealer in your neighborhood, or nearby. N. E. Jones has changed all 13 of his Jones Oil Company stations over to the Shell brand, effective right now.

Why the change, after 28 years in the oil business? "Just good business," Mr. Jones says. He knows that Super Shell is an excellent gasoline. More important, he knows that motorists know it. *More people all over the United States are looking for, asking for and buying Super Shell these days.*

### Service is still in big demand

But let's not kid about it. No matter how good the gasoline, people still look for service when they drive into a service station.

Nobody knows this better than N. E. Jones and his 13 new Shell dealers. They know they're selling a gasoline that's new to this area. They know they've got to prove something to you, if they want to see you back in their stations. *And they do.*

For good mileage, a smooth-running engine, power when you need it, stop at this clean white Super Shell pump. Super Shell's 9 working ingredients make your car work better.

So here's a promise:

*You'll never drive away from a Jones Oil Company Shell station straining to see through a dirty windshield. It will be wiped without your asking. And your oil, water and fan belt will be checked automatically.*

The red and yellow sign of Shell is up at every Jones station in the Texarkana area right now. Drive in soon.

You'll enjoy the complete, courteous service. And you'll like the difference Super Shell with 9 working ingredients makes in your car.

### Here are the 9 working ingredients in Super Shell—and what they do to make your car work better.

**TCP\*** works to give you a smooth-running engine and power when you need it.

**Platformate** packs about 4 percent extra mileage into every gallon of Super Shell.

**Anti-knock mix** works to fight all kinds of engine knock for a quiet engine.

**Alkylate** works to control high-speed knock.

**Cat-cracked gasoline** works to give smooth power.

**Butane** works to give you quick starts.

**Pentane** mix works to give you smooth warm-ups.

**Gum preventive** works to help carburetors stay clean inside.

**Anti-icer** (added in cold weather) works to help check carburetor icing stalls.

\*Trademark for Shell's gasoline additive for ignition control. Gasoline containing TCP is covered by U.S. Patent 2899212.

## War Threat in Haiti Has Dimmed

By WILLIAM L. RYAN

SANTO DOMINGO, Dominican Republic (AP) — The immediate threat of war between the Dominican Republic and Haiti appeared to recede today but tension remained high.

The Organization of American States and the U.N. Security Council called meetings today to discuss the situation between the Caribbean neighbors sharing the island of Hispaniola 50 miles from Cuba.

The Security Council was expected to leave it to the OAS.

Dominican President Juan Bosch called Haiti's dictator President Francois Duvalier "a madman," Tuesday night in a radio-television statement on the crisis, but indicated he is moving cautiously.

Bosch said if the United States found the crisis grave enough to order the evacuation of U.S. citizens from Haiti, "we shall continue to think the problem is more serious for us."

"We have to be careful and vigilant," he declared.

This seemed to hint at a state of alert rather than full-scale mobilization or any intention of imminent military action against the Duvalier regime.

Earlier Tuesday Bosch demanded that all 22 Duvalier opponents in the Dominican Embassy in Port au Prince be allowed to leave the country, but set no deadline. Previously the Dominican government had accepted the Haitian promise that 15 would be allowed to leave and 7 could be transferred to the Colombian Embassy, which has been protecting all 22 since Haiti broke relations with the Dominican Republic.

The Organization of American States, which sent investigators to Hispaniola last week, scheduled a special meeting in Washington today. Informal sources there said the peace mission would seek broader powers in Haiti to make suggestions for a settlement.

**One graf embargoed for 6 am EST**

The New York Times said the Dominican Republic would ask the OAS for a hemisphere-wide break in diplomatic relations with Haiti's dictatorial regime and for imposition of economic sanctions. The report said the Dominicans expected "a large measure of support" from the United States, but that Washington doubted the 14 votes required for sanctions could be mustered.

**End embargoed matter**

The U.N. Security Council also scheduled a meeting today on the crisis, to hear Haitian Foreign Minister Rene Chalmers protest what he termed "the aggression of the Dominican Republic" against Haiti. The 11-nation council was expected to refer the question back to the OAS, the action it usually takes in such cases.

An airlift to evacuate families of U.S. officials from Haiti was to start today, U.S. undersecretary of State George W. Ball said because the Haitian government "to some extent seems to be falling apart."

Relations between Duvalier and the U.S. government have grown steadily worse in recent months. Opponents of Duvalier have threatened to revolt by May 15, and fears are growing that the embattled dictator will unleash bloody reprisals against foreigners in general and Americans in particular.

The State Department urged the 1,300 other U.S. citizens in Haiti to leave.

### Director to Speak

LITTLE ROCK (AP)—Miss Eva Adams, director of the U.S. Mint will speak to the 1963 Arkansas Numismatic Society at the coin collectors' 15th anniversary in Little Rock next Saturday and Sunday.

First place team winners in the Gaslite Bowl Men's 3rd Annual Association Tournament was Rophan's of Prescott with a score of 2917. Left

to right: Hugh McElhanon, Ralph Harris, Rufus Formby, Jim Sizemore and Harold Pounds, all of Prescott.

First place doubles with a score of 1255, went to Phil Del Vecchio and Hubert Ross.

Receiving the Margie Harrie Association Secretary award as the "Best Sport" was Muriel O'Steen.

### Ruling Favors Park Commission

LITTLE ROCK (AP)—The attorney general's office ruled today that the Publicity and Parks Commission has the power of eminent domain to acquire land for improvement of the state park system.

It also has authority to transact for an exchange of park land for other property, the opinion said. In another ruling, the office said

### Rickover Tests Sub Personally

VALLEJO, Calif. (AP)—Vice Adm. Hyman G. Rickover personally put the Navy's newest nuclear submarine, the Andrew Jackson, through two days of sea tests and pronounced the ship seaworthy Monday.

Then he left the submarine and it put out to sea for further tests, expected to last for about two days.

### Will Accept Bid

YELLVILLE, Ark. (AP)—The city has voted to accept a \$146,340 bid by Patterson Construction Co. of Fort Smith to expand the Yellville water system.

With a score of 672, Aubrey Bailey of Hope was the singles winner.

Phil Del Vecchio was first in the all events handicap with 1904.

Blue Archer took the all events scratch with a score of 1886.

## Texan Arrested for Burglary

LITTLE ROCK (AP)—James Walter Cherry, 37, of Dallas, Tex., has been arrested in connection with the burglary of a Little Rock department store, special FBI agent Roy K. Moore said in Little Rock Monday.

Moore said Cherry was arrested in Kansas City, charged with receiving stolen property which had been shipped interstate and was arraigned and held in lieu of \$10,-

000 bond. H. W. Fitzgibbon, special agent in charge at Kansas City, said the property consisted of fur jackets and stoles, valued at about \$10,000. He said the furs were taken in the burglary of the M. M. Cohn Co. store at Little Rock April 15, 1962.

Three other men are charged in the burglary and were to have been tried last April 11, but were being held in Burlington, N.C., at the time in connection with another burglary.

## To Dedicate Park

ROGERS, Ark. (AP)—Conrad Wirth, director of the National

Moore said the other three were John Oscar Luck, Marion Robert Ralf and Ronald Edward Smith, all free on bond pending trial in Pulaski Circuit Court.

About \$25,000 in furs, clothing and cash was taken in the Cohn burglary. Moore said the furs were shipped to Kansas City from Chicago, but the shipper was unknown.

Parks Service and Maj. Gen. Peabody Wilson, second in command of the Air National Guard, will speak at the May 31 dedication of Pea Ridge National Military Park. Gov. Orval E. Faubus and Rep. James Trimble are to speak also.

## Pharmacists to Meet

LITTLE ROCK (AP)—The Arkansas Pharmaceutical Association convention will open in Little Rock Wednesday with about 600 druggists expected to attend. The convention ends Thursday.

# Anderson's Protest May Be Costly

By FRED S. HOFFMAN  
AP Military Affairs Writer

WASHINGTON (AP) — Adm. George W. Anderson's strong stand against the Pentagon's position on the controversial TFX fighter plane may have cost him another hitch as chief of naval operations.

That was the consensus today among knowledgeable military officers in the wake of President Kennedy's announcement that Anderson, 56, will be replaced as CNO on Aug. 1 by Adm. David L. McDonald.

Gen. Curtis E. LeMay, Air Force chief of staff, also spoke out against the version of the TFX approved by Secretary of Defense Robert S. McNamara—but his testimony before a Senate investigating group was much less pointed than Anderson's.

Kennedy said he will nominate LeMay, 56, for a one-year extension of his tour, starting June 30. The normal tour is two years.

This appeared to be the blunt-spoken founder of the Strategic Air Command. It was rumored earlier this year that LeMay was on his way out as Air Force chief

after being at odds with McNamara on the B70 bomber development and cancellation of the Skybolt air-launched missile.

Some observers suggested the administration chose to ease LeMay out via the one-year extension route rather than clash with LeMay's powerful backing in Congress.

Kennedy has offered Anderson an undisclosed government job. Anderson said he is considering it.

Informed sources said Anderson battled—perhaps too hard for his own good—behind the scenes at the Pentagon, opposing a single model of the TFX fighter plane for both the Navy and Air Force.

They said Anderson backed the Boeing firm's proposal because it contemplated what amounted to two different models tailored to the needs of the individual services.

McNamara chose a rival proposal advanced by General Dynamics Corp. on grounds it would produce a better and more economical advanced standard fighter for both Navy and Air Force.

The Senate Investigations subcommittee contends McNamara overrode professional military opinion in picking General Dynamics for the plane development and production, a job potentially worth about \$6.5 billion. The General Dynamics bid was higher than Boeing's.

## Public Hearing

EL DORADO, Ark. (AP) — A public hearing is scheduled for May 16 at El Dorado on the proposed reconstruction of 4.6 miles of U.S. Highway 2 in the Hillbank Creek - Hillsboro Area. Walter Hicks of Camden, Highway Department district engineer, said the hearing would be in the highway department resident engineer's office.

McNamara's differences with the subcommittee have deepened into a bitter feud.

There were reports that Anderson did not hit it off well with Secretary of the Navy Fred Korth on a variety of matters.

Key members of the Senate and House professed to have been caught by surprise at the President's command actions.

In some quarters on Capitol Hill, as well as the Pentagon, there was an opinion that the White House moves were influenced markedly by the TFX issue.

## Rights Group to Call for New Changes

By JOHN BECKLER

WASHINGTON (AP) — Hearings on the administration's civil rights program begin today against a background of racial unrest in Alabama.

With news of Negro demonstrations and mass arrests in Birmingham dominating the headlines, the House Judiciary Committee takes up the first specific civil rights program offered by President Kennedy.

Strong Republican pressures for enactment of some kind of civil rights legislation are expected to help push the bill through the House, but greater difficulties will undoubtedly be encountered in the Senate.

The administration bill has three main proposals:

1. It would provide for the appointment of temporary voting referees to pass quickly on the qualifications of would-be voters. Present procedures can lead to lengthy delays.
  2. It would declare that anyone with a 6th-grade education would be presumed to be literate, for purposes of voting.
  3. It would extend for four years the life of the Civil Rights Commission, which is due to expire at the end of the year.
- Scores of measures, some similar and others much broader, have been introduced by individual members of Congress, who will be given the first opportunity to testify at the hearings. Administration witnesses are expected to be called next week.
- Republican members of the Judiciary Committee have joined to push a program of their own, which includes all the administration proposals but adds provisions to desegregate the public schools and ban discrimination against Negroes by firms doing business with the government.

## Plant Workers in \$1.82 Week Extra

LITTLE ROCK (AP) — There was an average of \$1.82 a week extra in the pockets of factory workers in the Little Rock area in March this year compared to March last year.

The state Employment Security Division, announcing the increase, said the average weekly take-home earnings of the factory workers was \$62.03 in March.

The ESD said this figure was for the worker with three dependents.

A man with no dependents took home an average of \$54.90, up 80 cents from the past March.

The March increase in pay represented, however, a decrease in take-home earnings from the previous month. In February, 1963, the worker with no dependents took home four cents a week more and the one with three dependents, a nickel a week more.

The decrease was due to a half-hour cut in the average work week, ESD Administrator J. L.

## Would Give Some Blame to Ike

LITTLE ROCK (AP) — Former U.S. Representative Dale Alford said in Little Rock Monday night that former President Eisenhower's Republican administration deserves some of the blame for the Cuban situation.

Partisan politics over Fidel Castro's regime should be put aside, Alford said.

Any government official who has information that might give aid "and comfort to the enemy" should divulge such information to the government, instead of using it as a political issue, he said.

He spoke of his trip to South America last fall and said the continent would make more economic and cultural progress "than we have ever seen" if South American nations ever achieve political stability.

Bland said. The hourly pay rate increased despite the decline in take-home pay, he added.

## Figures Each Vote Cost \$25

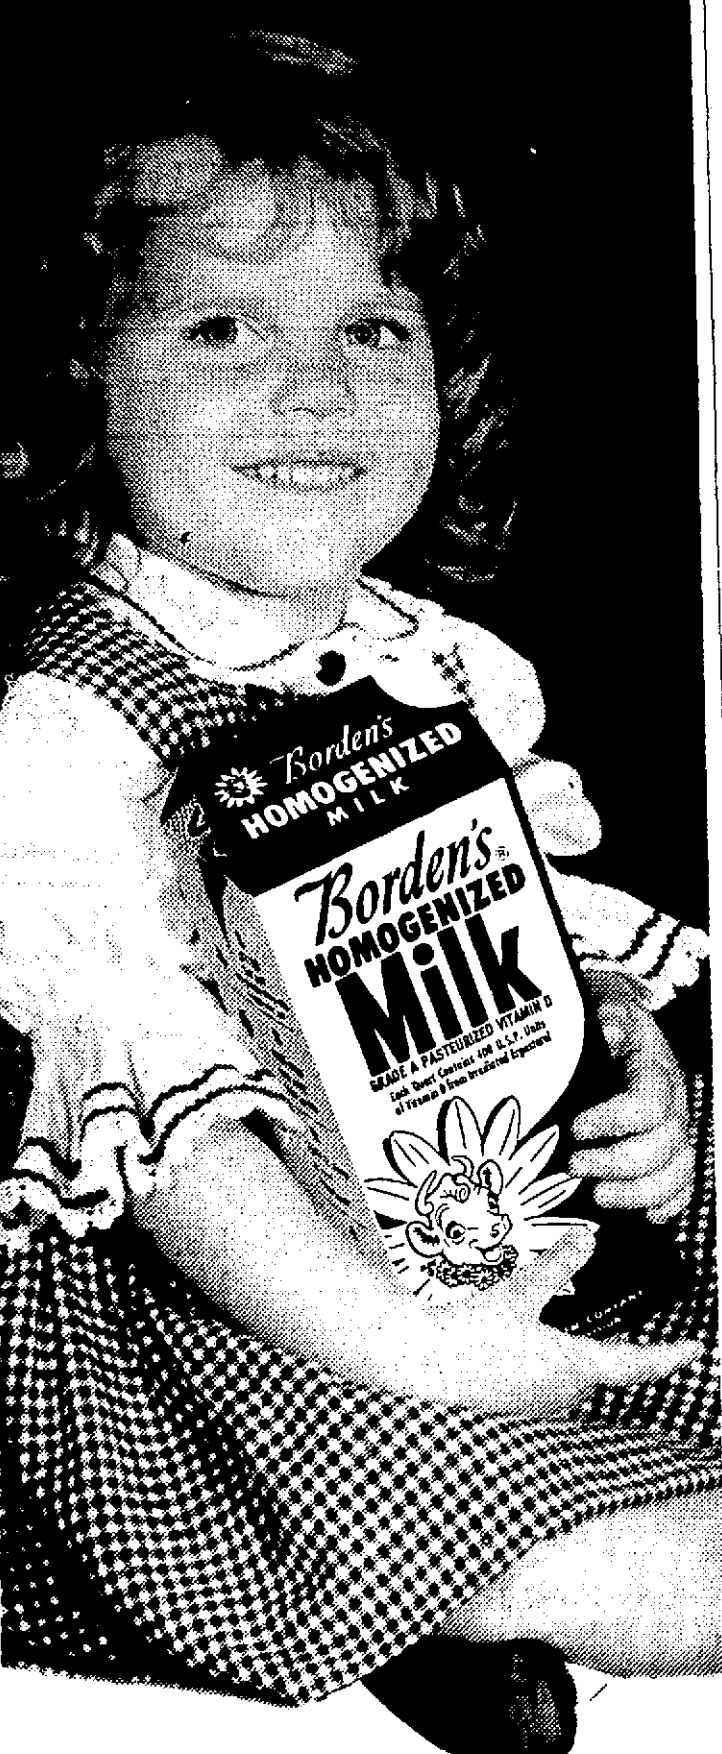

NEWPORT, Ky. (AP) — Campbell County officials figure the May 2 election could cost the county \$25 a voter in precinct 2-A. Urban renewal has left only one house in the precinct—and its occupant is expected to move before the election. That leaves two voters—Michael Maloney, the courthouse custodian, and his brother, who live upstairs at the courthouse.

Election officials say it will cost \$50 to install a voting machine and keep four judges on duty at the polling place.

## Monument Dedicated

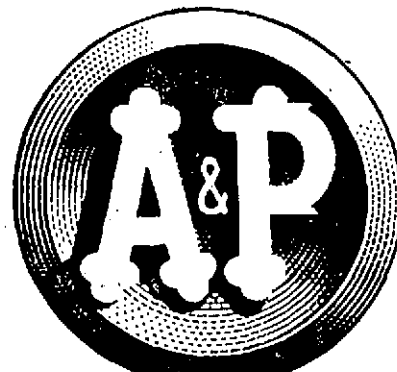

LITTLE ROCK (AP) — A granite monument was dedicated Sunday in memorial of Daniel Ring, first chief justice of the Arkansas Supreme Court. He was on the court from 1836 to 1844. He was born in 1803 in Kentucky and died at Little Rock in 1873.

### Player Gives Credit to Hypnotist

SALT LAKE CITY (AP)—Last winter fans, teammates and University of Utah coach Jack Gardner were electrified at the amazing comeback of Allen Holmes, who had been told he'd never play basketball again because of a mangled leg.

Today Holmes gave his hypnotist most of the credit for his rise from the wheelchair.

Dr. Thomas A. Clawson, the hypnotist, said: "He wanted to

play basketball. And it is necessary that the patient provide the motive."

Let's go back. Allen Holmes went from Phoenix High School to Weber Junior College at Ogden, Utah, where he won junior college All-America honors. The next year he completed a celebrated season with the University of Utah, which lost in the NCAA playoffs.

Then came the automobile accident in which his right leg was mangled. He watched the next season from a wheelchair, and later on crutches. He was given his senior blanket, dropped from the roster, and supposedly forgotten.

But Holmes wanted to play. At the beginning of the 1962-63 season he began working out with the squad. The other players tolerated him and the coach pitied him, as he hobbled about the floor.

Utah, without the great center, Bill (The Hill) McGill, was in a losing season, and Coach Gardner commented one day:

"I may have to use Holmes at center. He's the best I've got."

A great ovation went up for Allen Holmes when he played his first five minutes. Then he played a full half, three quarters, and finally a full game. His comeback was phenomenal and he finished the season as the club hero.

What happened?

"I was discouraged," Holmes said. "I thought of quitting. I was lame. I could shoot off only one foot. I could not stop and start."

"Then a friend suggested that

I see a friend of his."

The friend's friend was Dr. Clawson, a specialist in internal medicine who also is a consultant in medical hypnosis.

Says Holmes:

"With the approval of the other doctors who had worked on my leg, Dr. Clawson and I went to work—with hypnotic treatments."

"Dr. Clawson gave me to understand that he could not give me more talent than I once had, but that he could give me the confidence to call completely upon the talent I now had."

"The coach knew nothing about it. Only one or two teammates knew what I was doing. I went when I needed help most—just before practice or before a game. Then Dr. Clawson taught me a simple thing of self-hypnosis."

"While they were playing the National Anthem and I had a few seconds of my own I would concentrate. Sometimes at halftime I would do it again—or whenever I could."

"More and more my injured right leg came back to normal use. I forgot about jumping off the wrong foot. No one blocked my shots, as they did at first. I could fake as fast as ever—and didn't have to plan a fake by favoring my sore leg."

"I never regained full use of my lame leg and possibly I never will. But I feel that I was able to get everything out of it that there was left in it. Moreover, I forgot about my handicap. It was easy. There was no pain."

### Says Christians Can Solve Problems

WOOSTER, Ohio (AP)—Christian principles can solve not only the racial problems in the United States but in the world, a presidential aide says.

"Men of good will on both sides can find agreement and steadily make progress," Brooks Hays, special assistant to President Kennedy, said Monday.

He said he thought they could eliminate every form of discrimination, "keeping their performances in perfect alignment with their Christian avowals of brotherhood."

Hays, just back from a trip to Africa, made the remarks at a press conference preceding a lecture he gave at the College of Wooster.

"The main challenge of educated men is to relate their convictions to the political scene," Hays said in his talk.

He said he was encouraged by what he learned in Africa. "The people there have resisted the blandishments of communism," he continued. "We in America must not disappoint the colored people of the world now aspiring to a place in world society."

### New Hit Has Borrowed From TV

By CYNTHIA LOWRY  
AP Television-Radio Writer

NEW YORK (AP)—A new rock 'n' roll record called "Mother, Please" is achieving a certain amount of popularity with the young crowd these days, but is most notable for the fact that it borrows its title and theme from a semi-retired television commercial.

The commercial itself was launched over a year ago, part of a batch advertising a headache

remedy. It shows a young woman snapping irritably: "Mother, PLEASE! I'd rather do it myself!" Then, later, headache gone, she offers her mother a cup of tea and there is a smiling fade-out.

There were others in the initial series: a young mother screaming at her child; a young husband snarling at his wife about their son's bicycle in the driveway; a woman annoyed at the neighborhood kids.

Now, Mother and the others are rarely seen because a new batch of irritable headache sufferers commercials has been hooked up. But "Mother, Please" continues to have impact. It is a gag-line used by television comedians and teen-agers. It has been the basis

### 120 Days for a New Trial

LITTLE ROCK (AP)—Arkansas has 120 days in which to retry for a number of comedy sketches.

"It's curious, the way that it caught on and stays around," commented an advertising executive. "I suppose it just proves that by the time the client starts pounding the desk and demanding new copy in his commercials, the good old public is barely beginning to notice the old ones."

Nobody seems to have figured a sure-fire way to catch the public's fancy, but when something like "Mother, Please" occurs, the company is usually pleased and the advertising agency is ecstatic.

Clarence Stewart Jr. of North Little Rock on a first degree murder charge, the United States Supreme Court said Monday.

The time limit was set in a Supreme Court mandate affirming reversal of Stewart's conviction by the U.S. District Court and the U.S. Court of Appeals.

He was sentenced to die in March, 1960, for the robbery-slaying of William N. Caldwell, 70, an auto par's dealer at North Little Rock, on Jan. 8, 1959. Caldwell was beaten and stabbed.

The mandate on Stewart, a Negro, back up reversals of the conviction on grounds that Negroes were systematically excluded from Stewart's trial jury. Caldwell was white.
